ATLAS EXANDRIA

1ST EDITION

A NEW CARTOGRAPHICAL REPRESENTATION OF EXANDRIA IN THE EIGHT HUNDREDTH YEAR OF OUR WORLD POST-DIVERGENCE.

AS PRESENTED TO

SOVEREIGN URIEL TAL'DOREI III

AND THE

COUNCIL OF TAL'DOREI

Created from the surveys & explorations of ${f D}$ onald ${f F}$ arland, Principal Cartographer, ${f G}$ uild of ${f B}$ eacons, ${f E}$ mon.

EXANDRIA

xandria is a world consisting of five continents and three oceans. The world is relatively small, compared to some of the other planes of the cosmos, with a circumference of roughly 5,000 miles. It resides on a material plane at the center of the Great Wheel

CLIMATE

There are a wide range of climate types in Exandria with nearly every combination of . Extreme climates can be found on all of Exandria's continents, but they are relatively small in comparison to the more temperate regions. In addition, to it's natural climes, there are numberous regions that have been scarred by rifts between the planes or centuries of war.

DIVERSITY

The world of Exandria is incredibly diverse with over twenty different races inhabiting the world. While most of these races are native to Exandria, many of them emigrated from other planes in the cosmos. Regardless of how they got here; each brings their own unique culture to world.

HISTORY

The material plane of Exandria is relatively young. While nobody knows the world's true age, most scholars put the age of world between 3,000 and 5,000 years. Despite it's young age, however, the world of Exandria has seen four ages and been nearly destroyed twice.

CONTINENTS

The continents of Exandria are:

- Issylra
- Marquet
- Shattered Teeth
- Tal'Dorei
- Wildemount

OCEANS

The oceans of Exandria are:

- Frigid Depths
- Lucidian Ocean
- Ozmit Sea
